

CAPABILITY STATEMENT

Built on disciplined execution, where precision meets completion.

ABOUT TELIOS

Telios Logistics LLC is a Chattanooga, Tennessee-based third-party logistics provider. Telios comes from the Greek word teleios, meaning complete, mature, and brought to its intended end — reflecting work finished with purpose, integrity, and excellence. At Telios, that principle guides how we move freight: executing shipments with discipline, accountability, and reliability from pickup to final delivery.

WHAT SETS TELIOS APART

Founder-Led & Relationship-Driven

Built on a founder-led model with a curated network of trusted agents and high-caliber professionals. Growth is intentional, standards are high, and every relationship is backed by accountable execution.

Grounded in Real Experience

Built on years of experience in high-pressure, high-volume freight environments where communication, consistency, and execution matter most.

Trust, Follow-Through & Long-Term Value

Focused on long-term alignment over short-term wins. The approach is practical and personal, emphasizing partnerships that endure.

Professional Without Losing the Human Side

Polished and professional, backed by real-world knowledge — always accessible, responsive, and genuinely invested in your success.
